## SDMM SPECIAL REPORT

### Documented Attacks on Minutemen & Pro-American

#### Activists in San Diego County Since 2005

UPDATED: May 2, 2010 This report documents the three years of aggression with 28 major, often violent, unprovoked attacks and hate crimes on peaceful American activists by illegal aliens and their radical, Mexican Government-backed supporters in San Diego County since the new anti-illegal immigration political movement began locally in July 2005. These known major incidents are compiled from police and court records as well as eyewitness reports and video footage. This report does not include the dozens of American civil rights violations and constant harassment by the open border activists against American citizens.

Videos of many of these attacks can be viewed on SDMM's YouTube Playlist In 2007 alone, there were at least 8 documented attacks on Minutemen and Patriots within San Diego County. Five of those attackers were arrested and four have been convicted in the courts so far.

Law Enforcement is finally starting to crack down on the Mexican and Hispanic violence and crimes in our communities and the citizens welcome the increased enforcement and cooperation with ICE. SDMM has excellent relations with federal and local law enforcement agencies throughout the county, with the exception of continuing problems with the San Diego Police Department due to their sanctuary policies and their history of mistreatment of American activists.

There has never been one single documented attack by any American activists against any illegal aliens or their supporters during this same time. SDMM is 100% peaceful, law-abiding, and non-violent, but we do defend ourselves with appropriate force when attacked and we do press charges against all criminals. Despite the overwhelming record of aggression and criminal activity by illegal aliens and their well-funded pro-Mexico activists, the local media and many local governments continue to lie and slander to the public and demonize the pro-American activists as "extremist" and "dangerous", when nothing could not be further from the truth! The multi-ethnic San Diego Minutemen and similar local groups are San Diego's largest Neighborhood Watch and political activism group with the primary goal to help solve San Diego's current illegal immigration crisis through enforcement of current laws and securing of the border. ## DOCUMENTED MAJOR ATTACKS ON MINUTEMEN VOLUNTEERS

29. May 1, 2010, San Diego Federal Building: Two young La Raza punk protesters assaulted American Rallier Tony in San Diego at the May Day Rally. Tony and Mike were walking back to their cars south on Broadway as the rallies were winding down and the two youths on bikes rode up from behind and one of them sucker-punched Tony from behind to the back of his head. Then the other punk went over and picked up a handful of rocks and hit Tony with three of them. Tony called police and they detained the youths back at the rally site. Charges are being pressed against both attackers.

Also a full water bottle was heaved at American ralliers from the La Raza side. Luckily it smashed into to sidewalk near some ralliers, but no one was hit. No one say who threw the botte. 28. July 13, 2008, San Diego Convention Center: Gabriel is attacked by a La Raza supporter at our peaceful protest of Barack Obama speaking at La Raza. The woman approached Gabriel and shoved his camera into his should, causing pain to his shoulder and damaging his camera. Gabriel recorded the attack on video. The woman tried to run away but other Minutemen chased her down and kept her from escaping until SDPD finally detained her inside the convention center while statements were taken. She was released but Gabriel demanded charges be pressed. SDPD and the city attorney are reviewing the case. (video) 27. May 1, 2008, San Diego: Minuteman Wes attends a May Day Illegal Alien Rally outside San Diego City College organized by radical alien activist, Prof. Justin Akers Chacon. Wes and a few other Patriots stage a counter-protest in a police-designated area well back from the rally. Dozens of SDPD officers stand around and watch as Mexican and anarchist goons surround Wes and push him off his perch. So Wes approaches the stage and is grabbed and assaulted by Chacon and another organizer and physically dragged and pushed away from the stage. Again, SDPD stands and watches an assault on an American citizen and does absolutely nothing. Another complaint has been filed against SDPD. They choose to side with the criminals almost every time. (video).

26. Dec 29, 2007, VISTA: SDMM videographer Mike Spencer is assaulted and gouged in the face and scalp while videotaping a Hispanic woman who approached and confronted another American activist who was monitoring criminal activity in the parking lot of the Vons DLS where 50-60 day laborers were loitering waiting for illegal hirings and soliciting under the table work. The attacker's mother also jumped in and grabbed Mike and pulled his hair. The daughter

was arrested and taken to jail by Vista Sheriffs who witnessed most of the attack. The mother's status is unknown at this time. (video) May 22 Update: 18 year old Elizabeth "Betty" Camarillo is convicted of disturbing the peace, 5 days before the trial was to start. Her la raza attorney VICTOR TORRES made a plea deal with the DA. 25. Aug 25, 2007, SAN DIEGO: Mexican Citizen and agent of President Felipe Calderon, Enrique Morones, in collusion with San Diego Mayor Jerry Sanders, stages a large, loud, and disruptive protest right next to a permitted formal event and violates the civil rights of former Governor Pete Wilson and numerous other dignitaries and citizens who were gathered to honor Wilson with a formal statue ceremony at Horton Plaza. SDPD refused to enforce noise ordinances and civil rights violations on the radical Mexican activists. The invited guests were not able to hear the ceremony due to blaring bullhorns 50 feet from outdoor ceremony. No legal action is taken against Morones and Sanders. Sanders blames his attorneys for bad advice, even though he was warned by SDMM a week prior not to let the anti-American anarchists break the law, disrupt the ceremony, and violate the rights of American citizens. A lawsuit is being considered against the city. (video)

24. July 14, 2007, FALLBROOK: Minuteman Kiani Garcia is attacked by an enraged Hispanic Fallbrook resident and illegal alien supporter, Fernando Guardado, 52, during a peaceful SDMM protest at St. Peter's Catholic Church. Pro-American activists were protesting St. Peter's formal day labor hiring center located next to their pre-school. Garcia was able to subdue his attacker with pepper spray and prevent further injury and bloodshed. Five minutes after this attack, Guardado's son drove onto church property and threatened SDMM ralliers including women that he would "kick their asses". He had to be restrained by Rev. Bud Kaicher and other church employees as he charged towards our group on the public sidewalk. Guardado was convicted of vandalism in Dec 07 and other charges. Another hearing has been set for Feb 08 to determine what restitution Guardado will have to pay to Garcia for medical expenses and destruction of his video camera. (video)

23. June 16, 2007, FALLBROOK: Hispanic St. Peters Church parishioner spits at Minutemen protesters as he drives by them on church property. Revs. Bud Kaicher and Bernie Rapp openly and brazenly violate U.S. Federal laws by aiding and abetting illegal aliens and assisting them to find illegal employment by law-breaking Fallbrook employers. They actually encourage their members to hire them in direct violation of the law. Despite several requests to Bishop Brom to end the formal illegal alien hiring center at St. Peter's, he has taken no action. The Catholic Church in America has demonstrated that they believe they are above the law and continue to engage in organized crime for their profit using illegal aliens. (video)

22. June 2007, BONSALL: During morning DLS monitoring operation by local citizens, a drunk, Mexican day laborer punches Fallbrook activist Ray Carney in the stomach at the Bonsall ARCO DLS. Other day laborers converge from all directions, including one who picks up a rock, ostensibly for use as a weapon. The situation is subdued only when several Hispanic Minutemen intercede, and a plain clothes police officer reveals a sidearm to the aggressors.

20. Jan 20, 2007, BONSALL: The 14 year old daughter of Minutewoman Mary is assaulted by Fallbrook Village Voice reporter Nathalie Taylor at the Bonsall Arco DLS. Taylor angrily approached the young girl and jammed her video camera into her eye causing swelling and injury. Taylor was later convicted of battery and was supposedly fired from the newspaper. She has since been hired back at the Fallbrook Village Voice. (video) 19. Jan 13, 2007, MISSION VALLEY: ENRIQUE MORONES shoves SDMM Leader Jeff Schwilk from behind right in front of a SD cop on the sidewalk in front of the Fairmont Home Depot DLS. Schwilk immediately returned the favor with a return shove, again right in front of the same cop, who just smiled. The edited video of this incident has been posted by the Reconquistas and accused Schwilk of an unprovoked attack which is exactly what Morones did. 18. Jan 3, 2007, BONSALL: Minuteman David S. is assaulted by an angry illegal alien supporter and likely employer (Dave Vorhis) at the Bonsall Arco DLS. David S. received injuries to his face and his camera was destroyed. The attacker is tracked down by Fallbrook sheriffs by his license plate and eventually charged with battery and vandalism over \$400. 17. Nov 2006, ESCONDIDO : An Escondido woman and her husband go to the Escondido DLS on Quince and Mission to document the criminal activity with 30-50 unemployed men loitering and endangering motorists with their street-side hirings. SDPD responds but the attackers had all run away. SDPD investigates, but does not arrest the attackers who return to the day labor site a few days later. Then four months later, the San Diego City Attorney, Mike "Nifong" Aguirre, under pressure and urging from Claudia Smith and other pro-illegal alien

forces, filed false charges against Monti in late Mar 07 for battery and civil rights violations (hate crimes) on the eight day laborers. Monti is acquitted of all charges at trial in Sep 07. A civil lawsuit against the city of San Diego is forthcoming.

15. Oct 2006, ESCONDIDO : Tom H. attacked while sitting in the audience of the Escondido city council meeting. The Hispanic man sitting next to him strikes Tom for no reason. Police escort the violent Latino out of the council. No arrests are made.

Between July 16 and Aug 8, there were many attacks, threats, and harassment on American border watchers by anarchist left wing goons. (video)

Sheriff Bill Kolender was contacted directly, but refused to take any law enforcement action against the criminal illegal alien supporters. 2 ½ years later, he still has shown no commitment to enforcing the law against illegal aliens and their criminal advocates in San Diego County . Kolender has been known as a friend to illegal alien activists, agents, and smugglers for over 25 years in San Diego due to his non-cooperation with Border Patrol and the department's sanctuary policies towards over 250,000 illegal aliens currently living in San Diego County .
